**Ohio Speech & Hearing Governmental Affairs Coalition
Legislative Activities Report
May 2018**

Ohio held its primary election on Tuesday, May 8th. This election cycle represents a year of change for Ohio, with all five statewide offices on the ballot, as well as a U.S. Senate seat, all of Ohio's Congressional seats, two positions on the Ohio Supreme Court, half of the Ohio Senate seats, and all 99 Ohio House seats.

In Ohio's race for governor, Mike DeWine is the Republican nominee, defeating current Lt. Gov. Mary Taylor. On the Democratic side, former Ohio Attorney General Richard Cordray successfully defeated his primary opponents and will be the Democrat nominee. The general election is a 2010 rematch of the Attorney General Race that saw DeWine defeat Cordray by only one percentage point. In the other statewide races, long time OARP friend, Robert Sprague won the Republican primary for Treasurer.

On the federal level, current U.S. Congressman Jim Rennaci was successful in securing the Republican nomination for U.S. Senate; he will challenge Democrat Sherrod Brown in the fall. Republican Anthony Gonzalez defeated current state Rep. Christina Hagan in his bid to replace Rennaci in the 16th U.S. Congressional District. Two Ohio Senate Republicans, Troy Balderson and Kevin Bacon, faced off to replace Congressman Pat Tiberi, who left office earlier this year. Balderson is the winner with a very slight 700 vote advantage over Melanie Leneghan. Balderson will face off against Democrat Danny O'Connor who defeated a large slate of Democrats seeking the party's nomination.

Results from the primary election also show strong support for Issue 1, the only statewide issue appearing on the ballot. Issue 1 is a proposed constitutional amendment to change how Ohio draws congressional district boundaries.

On the administrative front, ODM recently submitted its waiver request to CMS seeking permission to apply a work requirement to a certain population of consumers in the expansion population. Medicaid Director Barbara Sears said the department has had to review the hundreds of comments submitted on the proposal, including 650 hard copies of comments submitted on the last day of the comment period. The waiver exempts individuals 65 and over, those in school or job training, individuals in treatment and individuals with serious mental or physical illness from the work requirement. ODM expects that, if approved, the requirement will only impact about 36,000 Medicaid consumers, forcing them to find employment or lose coverage.

Ohio Medicaid recently filed new versions of all of the DME rules with JCARR. This includes the Medicaid SGD rule and the hearing aid rule. The department has also revised and filed the DME repair rule. GAC has already made several concerns known regarding the SGD rule. Changes to the hearing aid rule appear less impactful. GAC will need to carefully review all of these rules to determine if we intend to testify at the public hearing set for May 29th.

The Ohio Speech Professionals Board reached out to GAC last week to let us know that they intend to pursue legislation to update some of their licensure laws. Most of the changes are relatively technical in nature and are outlined in a chart provided by the Board (see separate document). Many of the revisions were necessitated by the merger of the OBSLPA and the Hearing Aid Dealers Board earlier this year. The Board has offered to meet with GAC should we have concerns or questions.

Also on the legislative front, you may recall that GAC was approached by Senator Kenny Yuko's office recently to participate in an interested parties meeting on music therapy. The music therapy association has asked him to sponsor their licensure legislation. The meeting has been scheduled for Wednesday, May 16th at 3:30 pm. Many other interested parties will also be attending the meeting, including Gregg Thornton from the Speech & Hearing Professionals Board and representatives from the OT and PT associations.

Ohio's unemployment rate dropped to 4.4% in March, reflecting the lowest level since August 2001. The unemployment total has dropped by 40,000 since March 2017, when the rate was 5.1%. Despite the good news, Ohio still lags the nation, as the U.S. unemployment rate for March was 4.1%.
